ABOUT THE WATERSHED EXPLORERS PROGRAM

The Watershed Explorers Program is an outdoor education program that provides students an opportunity to travel and experience the length of the San Dieguito Watershed. Explorers start their journey at the headwaters of the San Dieguito River on Volcan Mountain and then follow the path of the river visiting sites at Lake Sutherland, the San Diego Archaeological Center, Sikes Adobe Historic Farmstead and finally, the award-winning Birdwing Open Air Classroom at the San Dieguito Lagoon.

Each visit focuses on a different theme providing a unique opportunity for students to experience and learn about the many facets of the watershed from the natural world to its history and cultural significance. As they experience the outdoors, students develop a “sense of place” and appreciation for the environment - recognizing they play a role in preserving and protecting the natural and cultural resources of the watershed.

Officially launched in 2015, this program was developed in partnership with the San Dieguito River Valley Conservancy, San Dieguito River Park, San Diego Archaeological Center and Volcan Mountain Foundation as a way for each organization to expand our individual nature education programs.

JOB ANNOUNCEMENT

The Watershed Explorers Program Volunteer/Docent Coordinator will be responsible for developing, leading and growing the volunteer/docent program for the Watershed Explorers Program in the San Dieguito River watershed. The Volunteer/Docent Coordinator will ensure that the Watershed Explorers Program excels in its engagement and nurturing of volunteers/docents. Variable schedule will depend on the volunteer groups you recruit and the opportunities you create for volunteer engagement and developing capacities and skills for volunteers/docents within the Watershed Explorers Program network. As the Volunteer/Docent Coordinator you will work side by side with partners,

volunteers/docents to oversee the work to be completed and to engage them in conversations about the Watershed Explorers Program.

- You have passion, enthusiasm, focus, and creativity for The Watershed Explorers Program vision, mission and values of community, leadership, transparency, and diversity.
- You are comfortable making presentations to the community.
- You are comfortable creating curriculum and training opportunities for volunteers/docents.
- You enjoy building relationships and trust among volunteers/docents, residents and leaders from diverse backgrounds, and deepening their participation in the Watershed Explorers Program.
- You enjoy recruiting, motivating, coaching, inspiring and working closely with volunteers/docents/docents.
- You have impeccable integrity, honesty and a strong work ethic with an orientation towards innovation and process improvement.
- You are a self-starter and problem solver with a bias towards action.
- You are comfortable working independently and in a collaborative setting with people of diverse backgrounds/circumstances.

JOB SUMMARY

The Volunteer/Docent Coordinator works with The Watershed Explorers Program partners (San Dieguito River Valley Conservancy (SDRVC), San Dieguito River Park JPA (River Park), San Diego Archaeological Center (SDAC) and the Volcan Mountain Foundation (VMF), to provide volunteer support and educational opportunities for volunteers/docents. This position interacts heavily with the public; therefore, applicants must be friendly, outgoing and comfortable speaking in front of large groups as well as writing testimonies of volunteers/docents for impact statements and reports. Additional responsibilities include greeting, training and supervising volunteer production. Applicants must be passionate about helping others, teaching others, and believe in the mission of the Watershed Explorers Program.
