Workshop Goal:

Develop a set of work plans for implementing joint landscape-scale adaptation actions.

Workshop Objectives

1. Review actions chosen for implementation by habitat groups at May 18-19 workshop.
2. Identify a set of actions by basin and across habitat types that appear to have the greatest success in advancing the partnership's goal and objectives.
3. Initiate partnership discussions regarding implementation and incorporation of adaptation strategies and actions into regional planning and management activities.
4. Time permitting, develop implementation teams for specific landscape- and basin-scale actions.
