Subject: Agency Designations for National Coastal Wetlands Conservation Grant Applications

Dear Mr. Thompson,

I am designating the following State of California agencies as eligible to apply for National Coastal Wetlands Conservation grants and any future such grants from the United States Department of the Interior:

State Coastal Conservancy  
Wildlife Conservation Board  
Rivers and Mountains Conservancy  
California Conservation Corps  
California Resources Agency

Department of Fish and Game  
Santa Monica Mountains Conservancy  
San Diego River Conservancy  
California Coastal Commission

These agencies work with other federal, state and local government agencies and nonprofit organizations to preserve, protect and restore California's unique and abundant natural resources. Over the past several decades, these agencies have helped to complete hundreds of coastal wetlands and fisheries restoration projects.

Thank you for offering the State of California the opportunity to apply for grants through this program.

Sincerely,
